INDEX TO VOLUME 9

The star (*) preceding the page number indicates an original article in THE ARCHIVES. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B,O and S, respectively.

PAGE

Aboulker, H.: Diagnosis of silent intracranial abscess in ambulatory stage 648
Abraham, K.: Manifestations of female castration complex 521
Actinomycosis, spinal; Lesné and Belloir 647
Agersborg, H. P. K.: Qualitative chemical and physical stimulations in nudibranchiate mollusks 377
Agnosia, transitory, of an infant in regard to its arms; Tournay 106
Agraphia, left hemiplegia with aphasia in left-handed person, and with agraphia in otherwise unaffected hand; Buckley 125
Alajouanine: Septum lucidum tumor 524
Alcoholic psychoses before and after prohibition; Pollock 378
psychosis associated with brain tumor; Burr 120
Amnesia, hysterical amnesia following physical injury; Read 533
Amyotonia and myopathy in same patient; Yudelson 669
Anatomy, experiments on development of cranial ganglia and lateral line sense organs in amblystoma punctatum; Stone 104
mutual relationship in development of brain and eyes of Lepidoptera; Kopéc 382
Angioma, venous, of cerebral cortex; Campbell and Ballance 235
of pons; Leyser 238
Apfelbach, C. W.: Traumatic fractures of cranial bones: edema of brain; bruises of brain 109
Apraxia, localization of; Forster 97
Argyll Robertson pupil; Wilson 242
Armstrong, H.: Retrobulbar neuritis with symptoms of spinal sclerosis 385
Arsphenamin therapy in state hospitals for mental disorders; G. W. Mills and C. L. Vaux *450
Arthritis, neuropathic; Duncan 383
Ascariasis, meningeal symptoms of; Turcan 525
Asphyxiation at birth caused by meningeal hemorrhage; Cadwalader 829
Asthenia and mania from antityphoid vaccination; Benon 800
Atrophy, Charcot-Marie; report of case with necropsy; C. S. Potts and G. Wilson *431
infantile progressive muscular atrophy of Werdnig-Hoffmann type; case report with necropsy; J. C. Michael *582
muscular, of spinal origin; syphilis as cause of; Ostheimer, Wilson and Winkelman 829
muscular, progressive; Courtney 113
Austria, neurology and psychiatry in; Blitzsten 273
Automatism, ambulatory; H. D. Singer *347
Autosuggestion: See Suggestion
Avelis syndrome; Gordon 121
Ayer, J. B.: Subtentorial cyst of meninges 403

Babinski sign, is there a Babinski sign of the hand? Radovici 386
Bacillus acidophilus, implantation of, in persons with psychoses; L. A. Julianelle and F. G. Ebaugh *769

PAGE

Bagby, E.: Etiology of phobias 523
Bailey, P.: Experimental diabetes insipidus 102
Recent developments in electrodiagnosis *436
Unusual tumor of third ventricle in diabetes insipidus 807
Baldi, E.: Physiology of nervous system of insects; research on circus movements provoked in coleoptera 234
Baldie, A.: Hysteria 383
Ballance, C.: Venous angioma of cerebral cortex 235
Barbital intoxication; Stearns, 529; Sands 819
treatment of insane epileptics; I. A. Darling *478
Barlow, R. A.: Vestibular nerve function in myxedema 525
Bassoe, P., and Davis, C. B.: Two cases of brain tumor with ventriculography *178, 263
Bausch: Elementary convulsions in catatonia 95
Belloir: Spinal actinomycosis 647
Benon, R.: Asthenia and mania from antityphoid vaccination 800
Berkheiser, E. J.: Neuropathic arthropathies—Charcot's spine 385
Bernheim: Pain in gangrene of extremities 234
Bertrand: Septum lucidum tumor 524
Bessière, R.: Thorium X in psychiatric therapeutics 230
Bickel, G.: Recovery from tuberculous meningitis 108
Syndrome of the central gray nuclei 218
Blastomycosis, cystic, of cerebral gray matter; caused by torula histolytica Stoddard and Cutler; W. Freeman and F. D. Weidman *589
Blitzsten, N. L.: Neurology and psychiatry in Austria and Germany 273
Blood creatinin findings in 5 cases of corpus striatum disorder; Raphael and Potter 651
studies of cerebrospinal fluid and blood of syphilitic and normal persons with special reference to immunity reactions and colloidal gold test on original and unfiltered fluids and serums; Nixon and Naito 792
sugar in blood and spinal fluid; Polonovski and Duhot 646
Body and mind: origin of dualism; Mott 381
Bolton, G. C.: Hysterical gangrene 642
Book Reviews:
Anomale Kinder; L. Scholz 133
Brain Abscess; Its Surgical Pathology and Operative Technic; W. P. Eagleton 415
Concerning Psychanalysis; introductory presentation by Allers; edited by Stransky and Dattner 673
Constitutional Factors in Dementia Praecox with Particular Attention to the Circulatory System and to Some of the Endocrine Glands; N. D. C. Lewis 686
Die Epidemische Encephalitis; F. Stern 684
Elements of Scientific Psychology; K. Dunlap 132
Functional Nervous Disorders: Their Classification and Treatment; D. E. Core 282
Kingdom of Evils; Psychiatric Social Work Presented in 100 Case Histories, Together with a Classification of Social Divisions of Evil; E. E. Southard, M. C. Jarrett and R. C. Cabot 545
Mental Diseases. A Public Health Problem; J. V. May 281
Multiple Sclerosis (Disseminated Sclerosis) 685
Nervous Ills, Their Cause and Cure; B. Sidis 544
Outwitting Our Nerves; J. A. Jackson and H. M. Salisbury 416
Psychic Health of Jesus; W. E. Bundy 135
Syphilis of the Innocent; H. C. Solomon and M. H. Solomon 134
Botulism, epidemic of; Morel and de St. Martin 651

PAGE

Boultier: Benzoin colloidal reaction 644
Bowman, K. M.: Mental disorder with low basal metabolism 259
—and Grabfield, G. P.: Basal metabolism in mental disease *358
Boyd, T. E.: Studies on visceral sensory nervous system; reflex control of cardia and lower esophagus in mammals 96
Brain abscess, diagnosis of silent intracranial abscess in ambulatory stage; Aboulker 648
abscess, traumatic, of anterior cerebral fossa; Courtney 113
calcification, unusual; Weimann 107
edema, studies in traumatic fractures of cranial bones: edema of brain; bruises of brain; Apfelbach 109
fundamental plan of vertebrate brain; Kingsbury 108
hemorrhage in young adults; 2 cases; Burley 803
mutual relationship in development of brain and eyes of Lepidoptera; Kopéc 382
points of view concerning forebrain morphology in lower vertebrates; Holmgren 111
spirochetes in syphilitic endarteritis of brain; Sioli 787
stabilizing brain tissue during fixation; G. S. Stevenson *763
syndrome of central gray nuclei; Bickel 218
syphilis and psychoses; Redalié 790
tumor, acute alcoholic psychosis associated with brain tumor; Burr 120
tumor, cases illustrating some aspects of brain and spinal cord tumors; Elsberg 388
tumor, endothelioma of brain 1 year after operation; Freeman 540
tumor, enchondroma of brain removed with recovery; Spiller 536
tumor, glioma of cerebral hemispheres; 2 cases; Throckmorton 384
tumor, mixed cell sarcoma of; Crafts 381
tumor of septum lucidum; Souques, Alajouanine and Bertrand 524
tumor, presentation of case in which presumptive diagnosis of tumor had been made 3 years before; Frazier 538
tumor, 2 cases with ventriculography; P. Bassoe and C. B. Davis *178, 263
tumor, unusual case of brain tumor; Watermann 527
tumor, unusual tumor of third ventricle in case of diabetes insipidus; Bailey and Reifenstein 807
tumor, venous angioma of cerebral cortex; Campbell and Ballance 235
Bremer, F.: Experimental diabetes insipidus 102
Bresowsky: Lesions of subthalamic region 101
Broadwin, J. T.: Spinal spastic paralysis 237
Buck, C. F.: Social service work in neurological clinic at the Massachusetts General Hospital during 1922 406
Buckley, A. C.: Left hemiplegia with aphasia in left-handed person, and with agraphia in the otherwise unaffected hand 125
Burgess, H.: Basal metabolism in nontoxic goiter and borderline thyroid cases 99
Burley, B. T.: Cerebral hemorrhage in young adults 803
Burr, C. W.: Acute alcoholic psychosis associated with brain tumor 120
Buscaino, V. M.: Dysthyroidism, anaphylaxis, and epilepsy 801
Buzzard, E. F.: Traumatic and toxic ulnar neuritis 382
Byrnes, C. M.: Singultus crisis in tabes dorsalis 279
Byrnes, M. A.: Study of spinal accessory nerves from a case of bilateral acquired spasmodic torticollis 130

Cadwalader, W. B.: Apoplectiform onset of left temporal lobe symptoms probably due to encephalitis 822
Asphyxiation at birth caused by meningeal hemorrhage 829
Herpes zoster and tabes dorsalis 119
Paralysis of upward associated movements of eyeballs 278
Campbell, H.: Venous angioma of cerebral cortex 235
Cannon, W. B.: Experimental traumatic shock; the critical level in falling blood pressure 91

PAGE

Capps, J. A.: Localization of pain sense in parietal and diaphragmatic peritoneum 645
Carbon monoxide (illuminating gas) poisoning: report of case presenting unusual sequela; Wilson 665
Carlson, A. J.: Studies on visceral sensory nervous system; reflex control of cardia and lower esophagus in mammals..... 96
Carniol: Oculogastric and oculocolic reflexes..... 227
Castration complex, manifestations of female castration complex; Abraham 521
Catatonia, elementary convulsions in; Bausch..... 95
schizophrenic, with associated metabolic and vegetative features, report of case; T. Raphael, J. P. Parsons and M. N. Woodwell.....*471
Catola, G.: Parkinson's disease following encephalitis..... 514
Cattell, M.: Experimental traumatic shock; the critical level in falling blood pressure 91
Central gray nuclei, syndrome of; Bickel..... 218
Cerebellum, atrophy in adults, with report of a clinical case; Arrigo Frigerio 372
demonstration of animals in which results of recent lesions of cerebellar cortex of one side were contrasted with those resulting from extirpation of otic labyrinth of the same side; Pike..... 247
genesis of cerebellar functions; F. Tilney.....*137, 246
hemorrhage, case of congenital megacolon (Hirschsprung's disease) associated with mental disorder and terminal cerebellar hemorrhage; Lewis 519
tumor: operation: relief of symptoms; Taylor..... 396
Cerebrospinal fluid, benzoin colloidal reaction in 105 neurologic cases; Marie, Boultier and Iorgoulesco..... 644
changes following air injection; Hermann..... 384
reaction of colloidal benzoin in general paralysis; Targowla..... 644
source, distribution and circulation; Stewart..... 243
studies of cerebrospinal fluid and blood of syphilitic and normal persons with special reference to immunity reactions and colloidal gold test on original and unfiltered fluids and serums; Nixon and Naito..... 792
sugar in blood and spinal fluid; Polonovski and Duhot..... 646
viscosity of; Soda 650
Cestan: Diagnostic value of spinal fluid Wassermann..... 111
Chadman, M. G.: Myasthenia gravis of slow development..... 116
Charcot joint of elbow in Jewish woman; Lindauer..... 410
Charcot's spine; Ridlon and Berkheiser..... 385
Charcot-Marie atrophy: report of case with necropsy; C. S. Potts and G. Wilson *431
Charles, J. R.: Manganese poisoning..... 244
Cheney, C. O.: Focal infection: its presence and elimination in functional psychoses 392
Cheney, G. W. H.: Colloidal gold reaction in acute poliomyelitis..... 241
Children, actual environment of children in a Boston district; Taylor..... 260
Chordotomy, section of anterolateral columns of spinal cord (chordotomy), physiologic effects and clinical results in 8 cases; C. H. Frazier and W. G. Spiller *1
Chorea, clinicopathologic study of acute and chronic chorea; G. Wilson and N. W. Winkelman.....*170
hemichorea of sudden onset in which there were no other symptoms; Gilpin 664
hemiplegia with hemichorea; Remond and Colombies..... 103
Sydenham's, psychoses associated with; Hammes..... 387
Clark, L. P.: Epileptoid or fainting attacks in hypopituitarism..... 239
Importance of special educational training for mental defect dependent upon organic lesions 373
Clymer, G.: Chronic lead poisoning vs. tabes dorsalis..... 397
Hyoscin in Parkinsonian rigidity..... 399

PAGE

Cole, W. H.: Transplantation of skin in frog tadpoles 94
Colella, R.: Association between tuberculosis, neuropsychopathy and delinquency 640
Coleman, G. H.: Localization of pain sense in parietal and diaphragmatic peritoneum 645
Colombies, H.: Hemiplegia with hemichorea 103
Colon, congenital megacolon (Hirschsprung's disease) associated with mental disorder and terminal cerebellar hemorrhage; Lewis 519
Contracture, similar hysterical contractures in wife and husband; Weisenburg 824
Convulsions, clinical picture and prognosis of frequent minor fits of children; Stier 520
experimental; a consideration of epileptogenous zones of central nervous system; L. J. Pollock *604
studies on epilepsy; convulsions experimentally produced in animals compared with convulsive states in man; preliminary report; C. A. Elsberg and B. P. Stookey *613
Corpus callosum, results of puncture of; Pohlisch 99
Corpus striatum disorder, blood creatinin findings in 5 cases; Raphael and Potter 651
Cotton, H. A.: Functional psychoses 223
Courtney, J. W.: Progressive muscular atrophy 113
Traumatic abscess of anterior cerebral fossa 113
Crafts, L. M.: Mixed cell sarcoma of brain 381
Cramer, A.: Recovery from tuberculous meningitis 108
Cranium, studies in traumatic fractures of cranial bones: edema of brain; bruises of brain; Apfelbach 109
Cycloplegia in girl of 12; Stearns 532

Daday, P.: Thorium X in psychiatric therapeutics 230
Da Fano, C.: Changes of Golgi's apparatus in nerve cells of spinal cord following exposure to cold 111
Dana, C. L.: Ecology of epilepsy; epilepsy in colonies *551
Danielopolu: Oculogastric and oculocolic reflexes 227
Danysz, J.: Origin of psychic energy 362
Darling, I. A.: Phenobarbital (luminal) treatment of insane epileptics *478
Davenport, C. B.: Ecology of epilepsy; racial and geographic distribution of epilepsy *554
Davis, C. B., and Bassoe, P.: Two cases of brain tumor with ventriculography *178, 263
Davis, L. E.: Deep sensibility of face *283
Davis, T. K.: Double papilledema 245
Decerebrate rigidity in animals and its recognition in man; Walshe 112
on the production of neuro-muscular patterns by release of spinal integrations after decerebration; Kraus and Rabiner 239
Delgado, H. F.: Treatment of paresis by inoculation with malaria 522
Delinquency, association between tuberculosis, neuropsychopathy and delinquency; Rosolino Colella 640
Dementia praecox, blood analyses in catatonic dementia praecox; Uyematsu and Soda 112
genetic origin of dementia praecox; Mott 380
severe changes in nuclei of ganglion cells in dementia praecox; Stocker 519
sex development and behavior in male patients with dementia praecox; C. E. Gibbs *73
Depression, case with feelings of unreality; Morris 258
Detwiler, S. R.: Studies on retina: photomechanical responses in retina of eremias argus 800

PAGE

Devine, H.: An expiation process in schizophrenia..... 233
Diabetes insipidus, experimental; Bailey and Bremer..... 102
Diaphragm center in cerebral cortex and hiccup; Knapp..... 90
Doyle, J. B.: Glossopharyngeal neuralgia.....*34
Dualism, origin of; Mott..... 381
Duhot, E.: Sugar in blood and spinal fluid..... 646
Duncan, J. H.: Neuropathic arthritis..... 383
Dunham, H. G.: After-care of infantile paralysis cases of 1916 epidemic in Brooklyn..... 796
Dunn, A. D.: Pachymeningitis hemorrhagica interna..... 386
Dyspituitarism: See Pituitary
Dysthyroidism: See under Thyroid
Dystonia lenticularis; Solomon, 256; Frigerio..... 365
Dystrophy, pathologic findings in heart muscle in progressive muscular dystrophy; J. H. Globus.....*59
progressive muscular dystrophy; Friedman..... 236

Ebaugh, F. G., and Julianelle, L. A.: Implantation of bacillus acidophilus in persons with psychoses.....*769
Education, importance of special educational training for mental defect dependent upon organic lesions; Clark..... 373
Electrodiagnosis, recent developments in; P. Bailey.....*436
Elsberg, C. A.: Sensory disturbances in tumors of spinal cord and membranes..... 656
Brain and spinal cord tumors..... 388
—and Stookey, B. P.: Studies on epilepsy; convulsions experimentally produced in animals compared with convulsive states in man.....*613
Embolism, occipital lobe embolism; Woods..... 648
Encephalitis, acute epidemic encephalitis; Ornsteen..... 828
apoplectiform onset of left temporal lobe symptoms probably due to encephalitis; Cadwalader..... 822
clinical considerations on Parkinson's disease following encephalitis; Catola..... 514
clinical notes on pathology of epidemic encephalitis complicated by a psychosis; G. B. Hassin and D. B. Rotman..... *22
epidemic, pathologic study of 5 cases including 2 with myoclonia; M. E. Morse.....*751
lesions in brain of patient with postencephalitic paralysis agitans; J. C. McKinley..... *47
lethargica; Hall..... 371
pathological findings in chronic progressive encephalitis; Marinesco..... 371
sequels, spasmodic forced respiration as sequel of epidemic encephalitis; Pardee..... 800
sequels, 4 cases; Ornsteen..... 667
sequels, review of clinical sequelae of recent epidemic of lethargic encephalitis; Naville..... 515
status of epidemic encephalitis as an independent disease..... 633
treatment of residual epidemic encephalitis; Hyslop..... 387
twenty cases of lethargic encephalitis with pathological findings in 4 cases; Hume, Nattrass and Shaw..... 370
Enchondroma of brain removed with recovery; Spiller..... 536
Endarteritis, spirochetes in syphilitic endarteritis of brain; Sioli..... 787
Endocrines, some endocrine aspects of the psyche (lecture delivered to Upsala Medical Society); Hammar..... 368
Endothelioma of brain 1 year after operation; Freeman..... 540
Enfield, C. D.: Normal sella..... 387
Epilepsy and bilious attacks; Vining..... 243
and the convulsive state; F. Kennedy.....*567
ecology of epilepsy; epilepsy in colonies; C. L. Dana.....*551

PAGE

Epilepsy—Continued
ecology of epilepsy; racial and geographic distribution of epilepsy; C. B. Davenport....*554
experimental convulsions; a consideration of epileptogenous zones of central nervous system; L. J. Pollock....*604
focal, 3 cases; Mixter.... 402
mechanism and fundamental cause of epilepsies; J. Rosett....*689
pathogenesis of epilepsy; critical review, with new interpretation of available data; M. Osnato....254, *488
phenobarbital (luminal treatment of insane epileptics; I. A. Darling.. *478
some problems in; W. Timme.... *547
studies on epilepsy; convulsions experimentally produced in animals compared with convulsive states in man; preliminary report; C. A. Elsberg and B. P. Stookey....*613
symptomatic epilepsy in birds; an anatomico-pathologic and clinical report; G. Mingazzini....*576
Epileptoid or fainting attacks in hypopituitarism; Clark.... 239
Esophagus, visceral sensory nervous system; reflex control of cardia and lower esophagus in mammals; Carlson, Boyd and Pearcy.... 96
Eyman, E. V.: Case with unusual mental symptoms.... 662

Face, deep sensibility of; L. E. Davis....*283
Fay, T.: Administration of hypertonic salt solutions for relief of intracranial pressure.... 539
—and Grant, F. C.: Lesions of optic chiasm and tracts with relation to adjacent vascular structures....*739
Feeblemindedness, hereditary and nonhereditary mental defect, a comparative study; H. W. Potter and R. S. Viers....*339
Flatau, E.: Cervical neurofibroma.... 524
"Nuquo-mydriasis" sign.... 523
Forster: Localization of apraxia.... 97
Foster, N. B.: Metabolic states contributing to uremia....*627
Frazier, C. H.: Presentation of case in which presumptive diagnosis of tumor had been made 3 years before.... 538
—and Spiller, W. G.: Section of anterolateral columns of spinal cord (chordotomy).... *1
Freeman, W.: Endothelioma of brain.... 540
Glioma of medulla.... 541
—and Weidman, F. D.: Cystic blastomycosis of cerebral gray matter....*589
Friedman, E. D.: Progressive muscular dystrophy.... 236
Frigerio, A.: Atrophy of cerebellum in adults.... 372
Dystonia lenticularis progressiva.... 365
Froin's syndrome and its relation to allied conditions in spinal fluid; Greenfield.... 241

Gangrene, hysterical; Bolton.... 642
pain in threatened and real gangrene of extremities; Bernheim.... 234
Gaté: Antityphoid vaccination and generalized scleroderma.... 802
Gerard, M. W.: Afferent impulses of trigeminal nerve; intramedullary course of painful, thermal and tactile impulses....*306
Germany, impressions of neurology in Russia and Germany; Hassin.... 268
Gibbs, C. E.: Sex development and behavior in male patients with dementia praecox.... *73
Gilpin, S. F.: Erb's type of spinal syphilis.... 664
Hemichorea of sudden onset.... 664
Glia reactions, concerning diffuse glia reactions; Pines.... 236
Glioma of medulla; Freeman.... 541
Globus, J. H.: Histopathology of amaurotic family idiocy.... 816
Pathologic findings in heart muscle in progressive muscular dystrophy... *59
Teratoid cyst of hypophysis....*417

PAGE

Glosso-pharyngeal neuralgia, 4 cases; J. B. Doyle *34
Goetsch test of hyperthyroidism 635
Goiter, basal metabolism in nontoxic goiter and in borderline thyroid cases, with reference to its bearing in differential diagnosis; Means and Burgess 99
exophthalmic, therapy of 781
Goldsmith, W. M.: Process of ingestion in the ciliate, Frontonia 231
Golf, excessive golf followed by musculospiral palsy; Wholey 386
Gordon, A.: Avelis syndrome 121
Mother and daughter presenting symptoms of degenerative state of central nervous system 667
Paramyotonia 276
Sensory disturbance limited to portion of distribution of ulnar nerve 411
Grabfield, G. P., and Bowman, K. M.: Basal metabolism in mental disease ..*358
Graff: Pituitrin as muscular tonic 107
Grant, F. C.: Peripheral nerve tumor 542

Hall, A. J.: Encephalitis lethargica 371
Hallucination, experimental study of mechanism of; Prince 232
Hammar, J. A.: Endocrine aspects of the psyche 368
Hammes, E. M.: Psychoses with Sydenham's chorea 387
Hassin, G. B.: Neurology in Russia and Germany 268
Solitary tubercle of spinal cord 228
—and Rotman, D. B.: Epidemic encephalitis complicated by a psychosis ... *22
Haviland, C. F.: Mental hygiene 369
Hayaschi, Y.: Antiproteolytic ferments, amylase and oxydase in psychosis 637
Hemiplegia, left, with aphasia in left-handed person, and with agraphia in the otherwise unaffected hand; Buckley 125
syphilitic, with unusual trophic disturbances; Patten 275
with hemichorea; Remond and Colombies 103
Henderson, D. K.: War psychoses 244
Hermann, G.: Spinal fluid following air injection 384
Herpes, association of herpes zoster and tabes dorsalis; Cadwalader 119
Hiccup, diaphragm center in cerebral cortex and hiccup; Knapp 90
singultus crisis in tabes dorsalis; Byrnes 279
Holmes, W. H.: Chronic trophedema (Milroy-Meige disease) 266
Holmgren, N.: Forebrain morphology in lower vertebrates 111
Hospitals, need of psychopathic departments in state hospitals; Ross 378
psychiatric institute-hospital; Pilcher 375
Hoyt, R.: Value of neurological examination in syphilis 801
Hume, W. E.: Lethargic encephalitis 370
Hyperthyroidism: See under Thyroid
Hypophysis: See Pituitary
Hyslop, G. H.: Residual epidemic encephalitis 387
Hysteria; Baldie 383
hysterical amnesia following physical injury; Read 533
hysterical gangrene; Bolton 642
similar hysterical contractures in wife and husband; Weisenburg 824

Idiocy, amaurotic family, histopathology of; Globus 816

PAGE

Immunology, studies of cerebrospinal fluid and blood of syphilitic and normal persons with special reference to the immunity reactions and colloidal gold test on original and unfiltered fluids and serums; Nixon and Naito 792
Infection, focal, is the stomach a focus of infection? Kopeloff 649
focal; its presence and elimination in functional psychoses; Kopeloff and Cheney 392
Intracranial pressure, administration of hypertonic salt solutions for relief of; Fay 539
Iorgoulesco: Benzoin colloidal reaction 644

Jacobi, W.: General protein therapy and active immunization of general paralysis 517
